11 Times Table Five-Day Plan

About 10 minutes a day. Each day names the facts to practice and one thing to do away from the screen. Tick the box when the day is done.

☐ **Day 1: the first half**

Say 11 x 1 to 11 x 6 out loud, then skip count by 11s: 11, 22, 33, 44, 55, 66.
Tip: Up to 9, double the digit: 11 x 6 = 66. For 11 x 11 and 11 x 12, add ten times the number to the number: 110 + 11 = 121.
Away from the screen: Write 11 x 1 to 11 x 6 as pairs of matching digits, like 33 and 44, and read each answer out loud.

☐ **Day 2: the second half and the turnarounds**

Say 11 x 7 to 11 x 12, then flip each one: 7 x 11, 8 x 11 and 9 x 11 have the same answers.
Pattern: 11, 22, 33 up to 99, then 110, 121 and 132. The pattern breaks after 9, which is where most mistakes happen.
Away from the screen: For 11 x 10, 11 x 11 and 11 x 12, add ten times the number to the number with coins: dimes for the tens, pennies for the ones.

☐ **Day 3: the 3 hardest facts**

Say 11 x 12, 11 x 11 and 11 x 10 five times each, then go through the whole table once in mixed order.
Why these: 11 x 12, 11 x 11 and 11 x 10 break the repeat pattern. Practice them on their own until they feel as easy as 11 x 3.
Away from the screen: Practice 11 x 10, 11 x 11 and 11 x 12 on a small whiteboard by writing the two parts and adding them. Erase and do it again.

☐ **Day 4: the whole table, mixed**

Ask all 12 facts of the 11 times table in mixed order, out loud. Repeat any miss at the end.
Away from the screen: Play a mixed 11s quiz on a car ride: one person asks, the other answers, and you swap after each wrong answer.

☐ **Day 5: the self-check**

Answer the 12 questions below on paper, with no help and no timer.
Away from the screen: Keep the answer key face down until the end. Answer the 12 questions with a pencil, then check them together. Practice each miss three more times.

1. 11 × 7 = _____
2. 10 × 11 = _____
3. 11 × 5 = _____
4. 11 × 2 = _____
5. 6 × 11 = _____
6. 11 × 11 = _____
7. 11 × 4 = _____
8. 9 × 11 = _____
9. 11 × 12 = _____
10. 11 × 8 = _____
11. 3 × 11 = _____
12. 11 × 1 = _____

Answer key: 11 times table self-check

Check each answer together. Practice every miss three more times tomorrow.

1. 11 × 7 = 77
2. 10 × 11 = 110
3. 11 × 5 = 55
4. 11 × 2 = 22
5. 6 × 11 = 66
6. 11 × 11 = 121
7. 11 × 4 = 44
8. 9 × 11 = 99
9. 11 × 12 = 132
10. 11 × 8 = 88
11. 3 × 11 = 33
12. 11 × 1 = 11
